

# DA/FR series

## DA-1025

- Weight: 210g; 7.4oz
- Power: 10
- Diameter of objectives: 25mm
- Prism type: Roof
- View angle: 5.8°
- Field of view:  
101m/1000m;  
304ft/1000yds
- Eye relief: 10.0mm
- Near focus: 4.0m; 13.1 feet
- Dimensions(LxW):  
115 x 105 mm;  
4 1/2 x 4 1/8 inches
- Focus system:  
Center focus
- Lens coating: Fully coated
- Ocular adjustment: ±2.0D
- Adjustable interpupillary: 35~76mm

## FR-8300W

- Weight: 610g; 21.5oz
- Power: 8
- Diameter of objectives: 30mm
- Prism type: Porro
- View angle: 8.5°
- Field of view:  
149m/1000m;  
445ft/1000yds
- Eye relief: 11.0mm
- Near focus: 4.5m; 14.8 feet
- Dimensions(LxW):  
120 x 180 mm;  
4 3/4 x 7 1/8 inches
- Focus system:  
Center focus
- Lens coating: Fully coated
- Ocular adjustment: ±2.0D
- Adjustable interpupillary: 52~74mm

## FR-7500

- Weight: 845g; 29.8oz
- Power: 7
- Diameter of objectives: 50mm
- Prism type: Porro
- View angle: 7.0°
- Field of view:  
122m/1000m;  
367ft/1000yds
- Eye relief: 16.7mm
- Near focus: 5.0m; 16.4 feet
- Dimensions(LxW):  
175 x 195 mm;  
6 7/8 x 7 5/8 inches
- Focus system:  
Center focus
- Lens coating: Fully coated
- Ocular adjustment: ±2.0D
- Adjustable interpupillary: 52~74mm

## FR-1050W

- Weight: 840g; 29.6oz
- Power: 10
- Diameter of objectives: 50mm
- Prism type: Porro
- View angle: 7.0°
- Field of view:  
122m/1000m;  
367ft/1000yds
- Eye relief: 11.0mm
- Near focus: 7.0m; 23.0 feet
- Dimensions(LxW):  
175 x 195 mm;  
6 7/8 x 7 5/8 inches
- Focus system:  
Center focus
- Lens coating: Fully coated
- Ocular adjustment: ±2.0D
- Adjustable interpupillary: 58~72mm

## FR-1250W

- Weight: 855g; 30.2oz
- Power: 12
- Diameter of objectives: 50mm
- Prism type: Porro
- View angle: 5.5°
- Field of view:  
96m/1000m;  
288ft/1000yds
- Eye relief: 11.0mm
- Near focus: 8.0m; 26.2 feet
- Dimensions(LxW):  
175 x 195 mm;  
6 7/8 x 7 5/8 inches
- Focus system:  
Center focus
- Lens coating: Fully coated
- Ocular adjustment: ±2.0D

## DA Series

DA has all of the classic features you need in a lightweight, compact binocular. It has fully-coated optical glass and soft rubber eyecups that fold down. DA also includes a carrying pouch. Includes a carrying bag.

## FR Series

FR binoculars have a strong aluminum alloy body with fully-coated optical glass. They feature large objective lenses for bright, clear images, even in low light. FR binoculars have standard, fixed powers, non-slip, textured rubber armor and include a deluxe padded carrying pouch. Includes a carrying bag.
